

HOW TO REACH PONTE DELLA MUDA

Ponte Della Muda, small hamlet of Cordignano (Tv) - a town in northern Italy - is placed on the boundary between Veneto and Friuli Venezia Giulia, close to Conegliano, Vittorio Veneto and Sacile. The easiest way to reach our town is getting close by highway and then travel on the "Strada Statale 13 Pontebbana".

More precisely:

- if you come **from Conegliano**, turn left when you reach the traffic light of Orsago, then turn right at the roundabout of Cordignano. After about 1,5 km you will be in the square of Ponte Della Muda;
- if you come **from Sacile**, just beyond the bridge over the Meschio river and past the fuel station on the right, follow the sign Cordignano / Vittorio Veneto, turning right at the new roundabout of "bivio Cadore";
- if you come **from Vittorio Veneto**, follow the sign to Sacile. As you pass (go straight) the roundabout of Cordignano, you will reach Ponte after about 1,5 km.
